

The best playdough recipe in the whole world :)

Compiled by: Christine

Here is the best recipe I have ever found, and I do tons of playdough stuff! 3 cups of flour 1/2 cup of salt 3 tbsp. of oil 6 tsp. of creme of tartar 3 cups water food coloring (I use icing coloring for cake makers) Cook on a medium heat until stiff. Knead several times. Cool. The creme of tartar is expensive when you buy it in a grocery store. I guess there is two kinds, one for "Crafting" and one for cooking. The one I get is for crafting and it is MUCH MUCH cheaper. Have fun!
