

Charlotte's Web

Compiled by: Linda H

Make a extra large web on poster board or on your board. Fill it with Charlotte's baby spiders, with each class member writing a remark about what was so special about Charlotte or what a true friend happens to be. You can make pipe cleaner spiders, paper spiders or buy spiders in a dollar store or attach the spiders to small parachute balloons just like the spiders sailed away from the farm. Do you remember their words as they left the farm?
