

Friendship Book

Compiled by: Lydia Gold

Try The Friendship Train By Slawski. It is excellent and pictures are beautiful. It is about a man who is waiting for at a station and no one comes to meet him. He goes to different stops and meets strangers along the way that are also looking for someone to meet. As their party grows they become friends. Promotes a good discussion for what you have to do to become a friend and what makes a good friend. Good luck.
